

SENATOR CROSBY: Senator Chambers, will you yield?

SENATOR CHAMBERS: I haven't seen them, but apparently so, yes, just like a traf...a parking ticket.

SENATOR FIRSCH: Well, let me ask you, how did you choose these particular misdemeanors, or infractions? These are all infractions, I believe.

SENATOR CHAMBERS: How did I...I didn't choose them.

SENATOR FIRSCH: Who did choose them? This is your bill.

SENATOR CHAMBERS: The Legislature. See, for any infraction, the general law...

SENATOR FIRSCH: No, how did you choose these particular ones to say that you could not use a social security number?

SENATOR CHAMBERS: Oh, they couldn't be used on any citations, any, for any infraction for which a citation is issued, no social security number could appear. Just as when they file a complaint against you, they don't put a social security number on it.

SENATOR FIRSCH: So, in other words, these were, were pulled out by the bill drafter as those kinds of instances where a citation would be used that you would want to keep a person issuing the citation shall not ask for or include the social security number of the person to whom the citation is issued.

SENATOR CHAMBERS: Right, Senator Pirsch, there is no law enforcement reason for it. If they're worried about a certain individual, then they go by the individual's driver's license number, by the address. And there is no reason for the social security number. To be frank with you, I think maybe, and I don't know this to be a fact, because Omaha is the only one who does it, somebody may have had a batch of citation forms and told Omaha they'd sell them to them at a discount because they require a social security number, and no other citations used in the state do. I don't know that for a fact, but there is no legitimate law enforcement reason for the number to be included.
